

Nationwide: Artist Relief: Seeded with \$5 million and making \$5K grants to artists who apply nationwide.

<https://www.artistrelief.org/about>

California

The grants seem more regionally based (LA and SF) than statewide, though the CA Arts Council has done a Covid-19 impact survey on the cultural sector and has centralized aid resources.

L.A. Department of Cultural Affairs: Arts Emergency Relief Fund

<https://culturela.org/grants-and-calls/aer-fund/>

Provides emergency relief grants to City of Los Angeles-based dance, music, and theatre artists, as well as small ensembles who have had their public performances, shows, or concerts cancelled. Solo artists are eligible for up to \$400 and ensembles up to \$1,200 to cover losses in time and/or materials that were committed toward events, which were to have taken place at a venue within the City of Los Angeles and were to be open to the general public. Round One focuses on artists and groups who were headlining an entire public event/evening; artists who were scheduled to perform pieces within a festival, teach private solo or group lessons, or perform at a private function for an invite-only audience are not eligible.

CA Arts Council [These aren't outright grants by the council but the first link is a resource page listing other emergency grant-making entities and the 2nd the cultural impact study results]:
